Nathalie Chalifour is an Associate Professor at the Faculty of Law, University of Ottawa and Co-Director of the Centre for Environmental Law and Global Sustainability. Her main area of research is environmental law and policy, with a focus on the intersection between the environment, the economy and social justice. Her publications address a variety of topics, including climate change, carbon taxation, environmental justice, the green economy, brownfields, environmental assessment, sustainable food policy and environmental human rights. Prior to joining the Law Faculty, Prof. Chalifour was senior advisor to the President of the National Round Table on the Environment and the Economy; Policy Advisor to the World Wildlife Fund; founded TRAFFIC Canada; and taught at the University of Nairobi, Kenya. She obtained her Doctorate of Law at Stanford University, and holds a Master in Juridical Sciences which she obtained as a Stanford Fellow and Fulbright Scholar.

Jordi Jaria i Manzano, BA and LLB (Universitat de Barcelona), Ph.D, European Doctorate Mention (Universitat Rovira i Virgili), is Serra Húnter Fellow of Constitutional and Environmental Law at Universitat Rovira i Virgili (URV), in Tarragona (Catalonia). He is also Researcher at the Tarragona Centre for Environmental Law Studies, CEDAT, in the same University. Professor Jaria i Manzano is Executive Editor of the *Revista Catalana de Dret Ambiental* [Catalan Journal of Environmental Law] and was Director of the Masters Programme on Environmental Law in the URV. His research is focused on environmental justice, global constitutionalism, comparative law, federalism and cultural diversity. He has written a number of research works (books, book chapters and articles) in these fields, mostly in Spanish, such as *La cuestión ambiental y la transformación de lo público* (Tirant lo Blanch, 2011), and has taken part in different research projects, such as EJOLT (Environmental Justice Organizations, Liabilities and Trade), financed by the European Commission (2011–15).
LOUIS J. KOTZÉ, B Com., LLB, LLM, LLD, is Research Professor of Law at the Faculty of Law of the North-West University (Potchefstroom Campus), South Africa; and Visiting Professor of Environmental Law at the University of Lincoln, United Kingdom. His recent books include *Global Environmental Governance: Law and Regulation for the 21st Century* (Edward Elgar, 2012); *Research Handbook on Human Rights and the Environment* (with Anna Grear (eds), Edward Elgar, 2015); and *Transboundary Governance of Biodiversity* (with Thilo Marauhn (eds), Brill Nijhoff, 2014). His research focuses on environmental constitutionalism, the Anthropocene, human rights and the environment, and global environmental governance. He is Co-editor of the *Journal of Human Rights and the Environment* (Edward Elgar) and Deputy-Director of the Global Network for Human Rights and the Environment.

CONTRIBUTORS

KLAUS BOSSELMANN is Professor of Law at the University of Auckland where he teaches global environmental law, environmental constitutionalism and legal theory. He previously taught at the Free University in Berlin and was a co-founder of Germany’s first institute for environmental law in 1987. Since 1998 he is the founding director of the New Zealand Centre for Environmental Law. He has served as a consultant to the OECD, the EU and the governments of Germany and New Zealand, and has been a visiting professor at leading universities in Europe, Canada, United States, Brazil and Australia. Prof. Bosselmann is chair of the IUCN World Commission on Environmental Law Ethics Specialist Group, co-chair of the Global Ecological Integrity Group and executive member of other professional bodies. He has authored 14 books, most recently *Earth Governance* (2015), edited or co-edited a further 12 books and has written over 120 book chapters and articles. For his work he has received several awards, including the inaugural Senior Scholarship Prize of the IUCN Academy of Environmental Law (2009).

JOHN BOWIE is an Energy and Climate Law Advisor at the Pace Energy and Climate Center at Pace Law School. He joined the Energy and Climate Center in September 2014 after graduating *cum laude* from Pace Law School with his JD, earning the distinction of the Bohn Vergari Public Service Award for the Best Environmental Law Student. He has a BS in Biochemistry from Hobart and William Smith Colleges, and an MA in Depth Psychology from Pacifica Graduate Institute. He was a research fellow at the University of Malaysia Sarawak, examining integrated river basin management strategies in Malaysian Borneo. Upon
returning to the United States, John Bowie worked with the environmental non-profit Wild Equity Institute in San Francisco, as part of a campaign to preserve endangered species and critical coastal habitat, and petitioned for environmentally and fiscally responsible amendments to the San Francisco budget. He has also worked as a LEED AP sustainable design coordinator at an architecture firm in Toronto, Ontario.

**Erin Daly** is Professor of Law at Widener Law Delaware. She served as Interim Dean and Vice Dean of the Law School in 2013–15. She received a BA from Wesleyan University, and her JD from the University of Michigan. Daly’s fields include constitutional, First Amendment, administrative, human rights, comparative constitutional and environmental law. On sabbatical during 2015–16, Prof. Daly is serving as the Vice President for Institutional Development at the Université de la Fondation Aristide, in Port-au-Prince, Haiti. Prof. Daly has written extensively on comparative constitutional law and transitional justice issues throughout the world. Most recently, she and Prof. James R. May published *Global Environmental Constitutionalism* (Cambridge, 2015). Her previous books include *Dignity Rights: Courts, Constitutions and the Worth of the Human Person* (U. Penn, 2012), and *Reconciliation in Divided Societies* (with Jeremy Sarkin, U. Penn, 2006). Her forthcoming works include *Environmental Constitutionalism in Context* (with James R. May, Edward Elgar, 2016).

**Trevor Daya-Winterbottom** combines research and teaching at the Faculty of Law, University of Waikato, with legal consultancy and practice as a Barrister sole. He holds a BA (Hons) in Law from the Liverpool John Moores University, where highlights of the degree course included studying public international law with Prof. Malcolm Shaw QC and Prof. Patrick Thornberry CMG, and studying jurisprudence with the renowned Jewish legal scholar, Prof. Bernard Jackson. He also holds a Diplôme in human rights law from the Institut International des Droits de l’Homme (Strasbourg), and was a member of the very first cohort to graduate with an MA in Environmental Law from De Montfort University, Leicester. He is a Fellow of the Royal Society of Arts; a Fellow of the Royal Geographic Society; a Member of the Royal Society of New Zealand; a Legal Associate of the Royal Town Planning Institute; and a Member of the New Zealand Centre for Environmental Law. His teaching, research and consultancy focus on administrative law and aspects of international, comparative and domestic environmental law.

**Cristiane Derani** is Professor at Federal University of Santa Catarina since 2010. She was a Ph.D student at J.W. Goethe Universität, Frankfurt
a. M. (1991–93), and made a postdoctoral stage at the École des Hautes Études en Sciences Sociales, Paris (1999). Prof. Derani has also been visiting Professor at Pablo de Olavide University, Seville (2001–07), Maison des Sciences de l’Homme (2004) and J.W. Goethe Universität (2005). She was also invited by the Brazilian government to participate at Conference of Parties (COP) VI and VII of the Biodiversity Convention. Previously to her current occupation, she was Professor of São Paulo University (1997–2004); at Santos Catholic University (2000–10); and at State of Amazonas University (2004–10). Prof. Derani is a Recognized Researcher for the Brazilian Research Council (Cnpq); and Director of research group Advanced Studies on Environment and Economics in International Law.

Anaïs Guerry is a Ph.D Candidate at Sciences Po Law School in Paris. She holds a Bachelors degree in Political Science from the Franco-German Campus of Sciences Po Paris (2009) and a Masters degree in Economic Law from the Sciences Po Law School (2012). In 2011, she took part in the six months’ International Parliamentary Scholarship run by the German Parliament. There, she had the opportunity to follow the work of a federal representative, member of the Environmental and Nuclear Security Commission (Ausschuss für Umwelt, Naturschutz und Reaktorsicherheit) directly after the collapse of Fukushima. When she returned to France, she decided to write a Masters thesis on the legal challenges of the integration of renewable energies in the electricity sector in France (2012), which was rewarded by the Paris Bar and the University of Paris Dauphine in 2013. In October 2013, she began a Ph.D on the legal governance of energy transition with a comparison between France and Germany under the supervision of Guillaume Tusseau (Professor of Public Law at Sciences Po Law School) and Gilles J. Martin (Emeritus Professor of Private Law at the University of Nice Sophia-Antipolis). She gives lectures in constitutional law, European law and social corporate responsibility at Sciences Po. Her research is supported by the French Agency for Energy Management (ADEME), the Institut for Sustainable Development and International Relations (IDDRI), and by Energycities, a European association of local authorities supporting a locally-led energy transition.

Elodie Le Gal is a French-Australian academic lawyer and postdoctoral research fellow who is researching various legal and institutional aspects of natural resource management issues at the Australian Centre for Agriculture and Law (University of New England, New South Wales, Australia). She has been involved in various natural resource management (NRM) projects focusing on different theoretical and practical
aspects of environmental sustainability. These include: conservation finance mechanisms; the use of e-technology professional development programmes for farming and rural communities; an international aid training programme for addressing the food crisis in Africa; and research projects for improving NRM governance. She obtained her Ph.D at the University of New England in 2013 and her Master of Laws (Diplôme d’Etudes Approfondies) in Private International Law/International Business Law from the Pantheon-Assas Faculty of Law, Paris, in 1998. One of her research interests is to understand the nature and the extent of the economic, political and social risks to which communities around the world are exposed to further propose new methods and approaches for addressing them.

Lye Lin-Heng, LLB (Sing.), LLM (King’s College, London, United Kingdom), LLM (Harvard, United States), is Director of the Asia-Pacific Centre for Environmental Law (APCEL), at the Law Faculty, National University of Singapore (NUS). Her areas of teaching and research are in environmental law and property law. She chairs the Programme Management Committee for the University’s multi-disciplinary and interdisciplinary programme, the MSc. (Environmental Management), hosted by the School of Design and Environment. She is former Vice-Dean of the Law School at NUS, and former Vice-Chair of the IUCN Academy of Environmental Law. She was a member of the Academy’s Board of Governors, representing Southeast Asia, for many years. She is a Visiting Associate Professor at the Yale School of Forestry and Environmental Studies and has taught at the Law School, University of Sydney. She was Honorary Legal Advisor to the Nature Society in Singapore for many years. She is a member of the Ministry of Environment and Water Resources Committee on Clean Drinking Water Standards for Singapore. She is also a member of the Strata Titles Board, and a former Board Member of the Housing and Development Board in Singapore.

Melissa Low is currently a Research Associate at the Energy Studies Institute at the National University of Singapore, which she joined in September 2010. She holds an MSc. in Environmental Management (MEM), a BSoc.Sci. in Geography (with Honours), and a minor in Urban Studies, from the National University of Singapore. For her Masters thesis in the MEM programme, entitled Past and Contemporary Proposals on Equity and Differentiation in Shaping the 2015 Climate Agreement, Melissa was awarded the Shell Best Dissertation Award in 2013. She is currently working towards an LLM in Climate Change Law and Policy at the University of Strathclyde (distance learning). Melissa Low has participated in the United Nations Framework Convention on Climate
Change (UNFCCC) Conference of Parties (COP) talks since December 2009. Her current research areas are the 2015 climate change agreement and the analysis of greenhouse gas emissions and mitigation potential of different countries.

James R. May is a Distinguished Professor of Law and Director of the Global Environmental and Natural Resources Law Institute at Delaware Law School of Widener University, where he also serves as Chief Sustainability Officer and as an Adjunct Professor of Graduate Engineering, and founded and co-chairs a programme on marine policy. May’s fields include constitutional, First Amendment, administrative, civil procedure, environmental, international environmental and global environmental constitutionalism law, and engineering. May is a former federal civil litigator, and mechanical engineer. Prof. May is the author of five books and more than 80 articles and book chapters. His recent books include Global Environmental Constitutionalism (with Erin Daly, Cambridge, 2015) and Principles of Constitutional Environmental Law (American Bar Association, 2011). Forthcoming books include Environmental Constitutionalism in Context (with Erin Daly, Edward Elgar, 2016), and Shale Gas and Sustainability (with John Dernbach (eds), Edward Elgar, 2016). May is a Member of Faculty to the National Judicial College; a Fellow of the American College of Environmental Lawyers; and a committee member of the International Union for the Conservation of Nature’s Awards and Assessment Committee. He is also licensed to practice law before the US Supreme Court and numerous federal circuit and district courts in the United States, and in the Commonwealth of Pennsylvania.

Eloamaka Carol Okonkwo is a Nigerian-born legal practitioner. She earned her first degree (LLB) from the University of Benin, in Nigeria, and barrister-at-law (BL) from the Nigerian Law School, Abuja. She worked for a few years as a solicitor and advocate of the Supreme Court of Nigeria in a wide range of professional capacities in both private and public sectors before she proceeded to the United Kingdom in 2009 to pursue Masters of Law (LLM) at the University of Strathclyde, Glasgow. She is currently a researcher at the Strathclyde Centre for Environmental Law and Governance, University of Strathclyde, Glasgow. Her recent publications include contributions to the Journal of Sustainable Law and Development, of the Institute for Oil, Gas, Environment, Energy and Sustainable Development at Afe Babalola University, Nigeria, and to the Journal of Sustainable Development in Africa, of the Clarion University of Pennsylvania.
Richard L. Ottinger is Professor and Dean Emeritus of Pace Law School, where he has been on the faculty since 1984 and was Dean 1994–99. He established at Pace the first Energy and Climate Change Center, a leading national and international clean energy research centre. He has published and authored or co-authored a dozen books and more than 100 articles on sustainable energy and climate change. A 16-year Member of Congress, he chaired the Energy Conservation and Power Subcommittee of the House Energy and Commerce Committee, where he pioneered in establishing the country’s energy efficiency and renewable energy laws. He was a founder, former Board Chair, and now Chair Emeritus of the Energy and Environmental Study Institute (EESI) in Washington, a leading advocate for sustainable energy before Congress. He now devotes himself to addressing international climate change issues, assisting developing countries adopt sustainable energy programmes. Much of this work is carried out in his capacity as Chair of the Energy Law and Climate Change Specialty Group of the IUCN World Commission on Environmental Law. He is a graduate of Harvard Law School and Cornell University.

Chiara Pappalardo is a Visiting Scholar in International and Comparative Environmental Law at American University Washington College of Law and an attorney qualified in Italy. She holds a Master of Laws degree in Energy and Environmental Law from the George Washington University Law School, where she received recognition for her outstanding pro bono service on the Deepwater Horizon Oil Spill in 2011. Her essay on A Vision for the Decade Sustainable Energy for All (2014–2024) was selected among the top finalists of the Global Energy Essay Contest in 2013. She is a practitioner member of the Legal Aspects of Sustainable Energy for All Community of Practice (SE4All-CoP), a leading forum of researchers, practitioners and policy-makers created to support the United Nation’s broader SE4All initiative and which is part of the Global Forum on Law, Justice and Development’s Thematic Working Group on Environmental and Natural Resources Law. Her current research focuses on energy and environmental governance, sustainable energy and new regulatory models for distributed energy and water supplies.

Teresa Parejo-Navajas, Ph.D, LLM on EU Law, is Associate Professor of Administrative Law at Carlos III University (Madrid, Spain) and member of the Pascual Madoz Institute of Spatial Planning, Urbanism and Environment at that same University. She has published two books, one of which received an award in 2004, as well as numerous articles on the environmental and spatial planning fields in Spanish and international journals. Previous to her collaboration with the Sabin Center (Columbia
University), she has been Visiting Scholar in various European and US Universities, such as the Università di Bologna (Italy), Oxford University (United Kingdom) and Fordham University, New York (United States). She received a research award in 2012 for her curricular merits.

Manuel Peter Samonte Solis decided to pursue his Ph.D in 2012, after almost two decades as a lawyer in the Philippines and working as a legal and policy advisor to multilateral financing and development institutions such as the World Bank and United Nations Development Programme. His Ph.D thesis examines the intersection of international human rights, energy, climate and environmental law, particularly the legal significance of adopting a human rights-based approach to provide universal access to modern energy services. While undertaking his Ph.D, he was a Teaching Fellow at the Adelaide Law School from 2013 to 2014. He also assumed various teaching roles at Carnegie Mellon University and the University of South Australia. He received a number of awards for his research, including the Dean’s Commendation for Doctoral Thesis Excellence in 2015, the South Australia Governor’s International Student Postgraduate Academic Excellence Award in 2014, and the International Union for the Conservation of Nature (IUCN) Academy of Environmental Law Best Graduate Student Paper Award in 2014. Appointed as Lecturer at the Adelaide Law School in 2015, he teaches in property law, foundations of law and human rights law.

Melissa K. Scanlan is the Associate Dean of the Environmental Law Program and Director of the Environmental Law Center at Vermont Law School (VLS). Prior to joining VLS, she was the University of Wisconsin Law School’s Water Law and Policy Scholar, where she led a pilot project on interdisciplinary water research and teaching. She was also a lead consultant involved in launching the Center for Water Policy at the University of Wisconsin-Milwaukee’s School of Freshwater Sciences in 2011. Over a decade earlier, she received a competitive Equal Justice Works Fellowship (formerly NAPIL) and an Echoing Green Fellowship to found and direct Midwest Environmental Advocates, Wisconsin’s first non-profit environmental law centre. Selected as a Wisconsin Super Lawyers’ Rising Star in 2006, 2007 and 2008, Prof. Scanlan has represented clients in high impact lawsuits and shaped public policy in areas ranging from the Great Lakes Compact and water supply issues to enforcement and implementation of the Clean Water Act. Melissa Scanlan earned a law degree and Master of Science in Environmental Science, Policy and Management from the University of California-Berkeley. Her scholarly articles have focused on the public trust doctrine, the Great
Lakes Compact, adaptive management and empirical research about water management.

Jessica Wentz is Associate Director and Postdoctoral Fellow at Sabin Center for Climate Change Law, Columbia Law School. She joined Columbia Law School’s Sabin Center for Climate Change Law in September 2014 as an Associate Director and Postdoctoral Fellow. Her work at the Sabin Center spans a variety of topics related to climate change mitigation and adaptation, sustainable development and environmental justice. She currently conducts research on US regulation of greenhouse gas emissions under the Clean Air Act; legal requirements for disclosing climate-related considerations during environmental assessments; and international strategies for addressing climate-induced displacement and migration. Prior to joining the Center, Jessica Wentz was a Visiting Associate Professor and Environmental Program Fellow at the George Washington University Law School. She is a 2012 graduate of Columbia Law School, where she was awarded the Alfred A. Forsyth Prize for ‘dedication to the advancement of environmental law’. She also has a BA in International Development from the University of California, Los Angeles.
