<i>About the editors</i>	viii
<i>List of contributors</i>	x
<i>About the cover</i>	xvi
<i>Preface</i>	xvii
<i>Acknowledgements</i>	xviii
1 Geotourism: definition, characteristics and international perspectives <i>Ross Dowling and David Newsome</i>	1
PART I GEOLOGY AND TOURISM	
2 Geology for tourism professionals <i>Jonathan Larwood and Graham Worton</i>	26
3 Geodiversity, geoheritage, geoconservation and their relationship to geotourism <i>Murray Gray</i>	48
4 Geotourism and cultural heritage <i>John E. Gordon</i>	61
5 Who are geotourists? A case study from Jordan <i>Ross Dowling and Mamoon Allan</i>	76
6 Some characteristics of the geotourism literature <i>Dmitry A. Ruban</i>	87
7 The application of geographical information systems in geotourism <i>Halina Kobryn and David Newsome</i>	94
PART II GEOTOURISM, SOCIETY AND SUSTAINABILITY	
8 Public–private partnership framework for sustainable geopark development <i>Richard S. Aquino and John Paolo R. Rivera</i>	111
9 Developing and managing show caves in Italy <i>Matteo Garofano</i>	126
10 Geotourism and risk: a case study of a rockfall hazard at Fox Glacier, New Zealand <i>Heather Purdie, Stephen Espiner and Christopher Gomez</i>	139
11 Geotourism development and management in volcanic regions <i>Patricia Erfurt</i>	152

- 12 The potential contribution of geotourism in Africa 168
Michael F. Thomas and Asfawossen Asrat

PART III GEOTOURISM IN URBAN AREAS

- 13 Geotourism—a focus on the urban environment 192
Angela Riganti and Jean F. Johnston
- 14 Generating interest in geotourism near urban areas through integration with historical sites: Iron Mine Trail, Sterling Forest, New York, USA 202
Alexander Gates
- 15 Urban geotourism with an emphasis on the city of São Paulo, Brazil 210
Eliane Aparecida Del Lama

PART IV INTERPRETATION AND EDUCATION STRATEGIES

- 16 Geo-interpretation: how and for whom? 224
Piotr Migoń
- 17 Education as a key tenet of geotourism 234
Neda Torabi Farsani, Carlos Neto de Carvalho and Kejian Xu
- 18 Geoheritage and public geoliteracy: opportunities for effective geoscience education within US parks 244
Renee M. Clary
- 19 Earth sciences for everybody as promotion of geotourism: the ‘Day of Geosites’ in Germany 254
Ulrich Lagally
- 20 A conversation about geology and tourism in a remote area of Australia 264
Jean F. Johnston and Martin J. Van Kranendonk

PART V GEOTOURISM’S CONTRIBUTION TO GEOPARKS

- 21 Geotourism and geoparks 276
Ross Dowling
- 22 Geotourism in Bergstrasse–Odenwald UNESCO Global Geopark, Germany 292
Jutta Weber
- 23 Geotourism in Beigua UNESCO Global Geopark, Italy 305
Maurizio Burlando
- 24 Geotourism in the Azores UNESCO Global Geopark, Portugal 320
Eva Almeida Lima and Marisa Machado
- 25 Geotourism in Jeju Island UNESCO Global Geopark, South Korea 329
Yongmun Jeon and Kyung Sik Woo

26	Geotourism in Itoigawa UNESCO Global Geopark, Japan <i>Ko Takenouchi, Hiroko Torigoe and Theodore Brown</i>	341
27	Geotourism in Langkawi UNESCO Global Geopark, Malaysia <i>Ibrahim Komoo, Sharina Abdul Halim and Norzaini Azman</i>	355
28	Geotourism in Batur UNESCO Global Geopark, Indonesia <i>Hanang Samodra, Herlina and Hery Sigit Cahyadi</i>	367
29	Geotourism in Stonehammer UNESCO Global Geopark, Canada <i>Randall Miller</i>	379
30	Geotourism in Araripe UNESCO Global Geopark, Brazil <i>Rafael Celestino Soares, Wellington Ferreira da Silva Filho, Laryssa Sheydder de Oliveira Lopes and Eduardo da Silva Guimarães</i>	393
PART VI CASE STUDIES IN GEOTOURISM		
31	The Maltese Islands: developing and managing geotourism <i>Kevin Crawford</i>	404
32	Czech Republic: the planning and management of geotourism's hidden resources <i>Lucie Kubalíková</i>	417
33	Namibia: geotourism in the arid zone <i>Ross Dowling and Nicole Grünert</i>	433
34	Philippines: the case of Masungi Georeserve <i>Ann Dumaliang, Billie Crystal Dumaliang and Rolando Peña</i>	448
35	New Zealand: a diverse array of geotourism resources <i>Ross Dowling</i>	462
36	Conclusions: thinking about the future <i>David Newsome and Ross Dowling</i>	475
	<i>Index</i>	483
