Thank you to those who made the celebration of *The General Theory's* and Victoria Chick's 80th anniversaries so successful: Louise Howitt from UCL events (at the time), Snjezana Voloscuk, financial administrator in the UCL economics department, Ewa Karwowski as the Post-Keynesian Economics Study Group Treasurer and Jake Tily for his help on the day.

Special thanks go to Ruth Potts for the cover drawing.

We owe Vicky a particular debt of gratitude for her active participation and intellectual support in securing the high quality of the contributions to these volumes. We are also grateful to Matthew Pitman of Edward Elgar Publishing for his encouragement, guidance and support in preparing this volume and its companion volume.

Finally we acknowledge the permissions granted to us by Cambridge University Press to include extracts from the *Collected Writings of John Maynard Keynes*.
