1.1	Constitutive features of strategic partnerships: a comparative analytical grid	20
2.1	The sampling of case studies on strategic partnerships between states and international organizations	66
2.2	The SPaSIO 'ideal model' of strategic partnerships: key variables, indicators and measures	67
3.1.1	Mutual understanding: indicators operationalization and measurement	96
3.1.2	Mutual respect: indicators operationalization and measurement	97
3.2.1	Strategic cooperation willingness: indicators operationalization and measurement	103
3.2.2	Strategic goals convergence: indicators operationalization and measurement	115
3.2.3	Strategic roles convergence: indicators operationalization and measurement	124
3.3.1	Sustainable cooperation: indicators operationalization and measurement	134
3.3.2	Unique bonds: indicators operationalization and measurement	141
3.3.3	Foreign-political interaction regularization: indicators operationalization and measurement	148
3.3.4	Foreign-political interaction intensification: indicators operationalization and measurement	151
4.1	The convergence of strategic goals and salient foreign-political issues in NATO and Russian manifestos, 2002–2014	170
5.1	The convergence of strategic goals and salient foreign-political issues in Japanese and NATO manifestos, 2013–2015	187
6.1	The convergence of strategic goals and salient foreign-political issues in NATO and Ukrainian manifestos, 1994–2015	208

7.1	The convergence of strategic goals and salient foreign-political issues in EU and US manifestos, 1995–2015	237
8.1	The convergence of strategic goals and salient foreign-political issues in EU and Indian manifestos, 2004–2015	262
9.1	The convergence of strategic goals and salient foreign-political issues in EU and Japanese manifestos, 2001–2015	283
10.1	The convergence of strategic goals and salient foreign-political issues in EU and Georgian manifestos, 2009–2015	307
11.1	The convergence of strategic goals and salient foreign-political issues in ASEAN and Chinese manifestos, 2003–2015	327
12.1	The convergence of strategic goals and salient foreign-political issues in ASEAN and Canadian manifestos, 2009–2015	354
13.1	The convergence of strategic goals and salient foreign-political issues in Australian and ASEAN manifestos, 2007–2015	377
14.1	The convergence of strategic goals and salient foreign-political issues in ASEAN and New Zealand manifestos, 2010–2015	397
15.1	The convergence of strategic goals and salient foreign-political issues in Andean Community and Chinese manifestos, 2000–2015	419
16.1	The convergence of strategic goals and salient foreign-political issues in CAN and Brazilian manifestos, 1999–2015	445
17.1	The convergence of strategic goals and salient foreign-political issues in CAN and Chilean manifestos, 2006–2015	469
18.1	Summary of SPaSIO main variables: case study findings	488
18.2	Multiple linear regression analysis of ‘cooperation (a, b, c) willingness’: overall model fit, ANOVA table and parameter estimates	495
18.3	Multiple linear regression analysis of ‘cooperation (a, b, c) sustainability’: overall model fit, ANOVA table and parameter estimates	498
18.4	Parametric and nonparametric correlations between SPaSIO main variables	502

18.5	Multiple linear regression analysis of ‘cooperation willingness’ at the sub-variable level: overall model fit, ANOVA table and parameter estimates	505
18.6	Multiple linear regression analysis of ‘cooperation sustainability’ at the sub-variable level: overall model fit, ANOVA table and parameter estimates	507
18.7	Regression analysis of cooperation willingness and cooperation sustainability	514
