PREFACE

This book is based on a commentary on Austrian capital markets law published by Linde Verlag, Austria. However, MAR, as a directly applicable centrepiece of European capital market regulation, is also relevant beyond Austria's borders and thus of interest to a wider readership. Therefore, we decided to publish a more internationally focused version in English. We are confident that the book's format of an article-by-article commentary will be extremely valuable for academic as well as practical purposes.

We are indebted to *Linde Verlag* for their approval of this project. Our special thanks go to *Donna Stockenhuber* for her tireless translation work and other invaluable assistance in linguistic matters. We would also like to thank the *B&C Privatstiftung* for supporting the project. Furthermore, we would like to express our gratitude to Elisabeth Drach and all those involved at Edward Elgar Publishing, in particular, Emily Mew, Stephanie Tytherleigh and Sabrina Zaher, for their efforts in the completion of this book.
