Preface

This book is the result of long-term (more than ten years) formal and informal cooperation amongst Baltic and Nordic scholars. The idea of this book originated in the project ‘Challenges to Welfare State Systems in Lithuania and Sweden’, financed by the Research Council of Lithuania (grant no. S-MIP-17-130). The project was led by Jolanta Aidukaite at the Lithuanian Social Research Centre (2017–2020) (currently the Institute of Sociology at the Lithuanian Centre for Social Sciences) and carried out in cooperation with the Department of Sociology, Stockholm University (coordinated by Livia Sz. Oláh) and Linnaeus University (coordinated by Emeritus Professor Sven E. O. Hort).

However, this book is not only the outcome of the aforementioned project. More than half of its chapters were funded by other grants/projects and numerous Nordic and Baltic universities/institutions, thus demonstrating the strong interest in and support for Baltic–Nordic cooperation in social policy. Professor Emeritus Stein Kuhnle kindly accepted an invitation to co-edit the book.

The editors would like to warmly thank all the authors for their enthusiasm and willingness to contribute to the book, and for their time and efforts in developing their chapters.
