PART I A HISTORY OF ECONOMIC EDUCATION

1 A history of economic education 3
Phillip Saunders

PART II TEACHING

Section A Techniques

2 Case use in economics instruction 37
Patrick Conway
3 Teaching with context-rich problems 48
Joann Bangs
4 Using cooperative learning exercises in economics 57
KimMarie McGoldrick
5 Improving classroom discussion in economics courses 68
W. Lee Hansen and Michael K. Salemi
6 Let experience be the guide: experiential education in economics 79
KimMarie McGoldrick and Andrea L. Ziegert
7 Classroom experiments 90
Tisha Emerson and Denise Hazlett
8 Interactive lecture demonstrations: adapting a physics education pedagogy for use in the economics classroom 99
Mark Maier
9 Using Just-in-Time Teaching to promote student learning in economics 107
Scott Simkins
10 Making the large-enrollment course interactive and engaging 118
Stephen Buckles, Gail M. Hoyt and Jennifer Imazeki
11 Teaching economics Socratically 129
Kenneth G. Elzinga
12 Writing for learning in economics 137
Elizabeth Perry-Sizemore and Steven A. Greenlaw
Section B  Technology

13  Incorporating media and response systems in the economics classroom  
    Joseph Calhoun and Dirk Mateer  
14  Distance education: course development and strategies for success  
    Mary Mathewes Kassis  
15  Economics blogs and economic education  
    Timothy C. Haab, Aaron Schiff and John C. Whitehead  

Section C  Assessment

16  Methods of assessment in the college economics course  
    Ken Rebeck and Carlos Asarta  
17  An expected proficiencies approach to the economics major  
    W. Lee Hansen  

Section D  Contextual Techniques

18  Ethics and critical thinking  
    Jonathan B. Wight  
19  Feminist pedagogy and economics  
    Jean Shackelford  
20  Integrating race, gender and class  
    Robin L. Bartlett  
21  Economics and literature: the gains from trade  
    Cecil E. Bohanon and Michelle Albert Vachris  
22  The interdisciplinary approach to teaching economics  
    Arthur H. Goldsmith and James F. Casey  
23  Pluralism in economics education  
    Robert F. Garnett, Jr. and Jack Reardon  
24  Threshold concepts in economics education  
    Peter Davies  

Section E  Elementary, Secondary Economic Education

25  Economic education in American elementary and secondary schools  
    Paul W. Grimes  
26  Organizations focused on economic education  
    Sue Lynn Sasser and Helen Meyers  

PART III  RESEARCH

Section A  Principles Courses

27  The purpose, structure and content of the principles of economics course  
    Geoffrey Schneider

</table>
Contents ix

60 Using real-world applications to policy and everyday life to teach money and banking
Dean Croushore

61 Teaching political economy to undergraduate students
William Waller

62 Some reflections on teaching the economics of poverty
James P. Ziliak

63 Public economics
Edgar O. Olsen

64 Sports economics as applied microeconomics
Peter von Allmen, Michael A. Leeds and Brad R. Humphreys

65 Using location, agglomeration, and policy issues to teach urban economics
Daniel P. McMillen

66 Women and men in the economy
Francine D. Blau and Anne E. Winkler

PART V INSTITUTIONAL / ADMINISTRATIVE

Section A Faculty Development: Mentoring, Evaluation, Documentation and Resources

67 Faculty development: mentoring, evaluation, documentation and resources
Rae Jean B. Goodman

Section B Undergraduate Education

68 The economics major in the United States
John J. Siegfried

69 Curricular and co-curricular aspects of the economics major at highly ranked schools
David H. Dean and Robert C. Dolan

Section C The Characteristics of Economics Graduate Students

70 The characteristics of economics graduate students
Wendy A. Stock

Section D International Economic Education

71 Supporting economics higher education in the United Kingdom
John Sloman and Inna Pomorina

72 Economics education in Australia
Alan Duhs and Ross Guest

73 Ordonomics and the current state of economic education in Germany
Ewald Mittelstaedt and Claudia Wiepcke
PART VI INITIATIVES FOR TEACHING ENHANCEMENT

Section A Private, Corporate and Government Funding for Economic Education

74 Private, corporate and government funding for economic education
William T. Alpert and Michael A. MacDowell

Section B An Introduction to Economic Education Organizations in the US and Beyond

75 Near and far – an introduction to economic education organizations in the US and beyond
Franklin G. Mixon, Jr.

Section C Economics Teaching Workshops: Past, Present, Future

76 Economics teaching workshops: past, present, and future
Joab N. Corey, James D. Gwartney and Gail M. Hoyt
