Essentials in Innovation collection

62 titles published between 1999-2021

A must-have resource for Economics, Business and Policy programs from Edward Elgar Publishing.

Elgar has been the leading publisher of innovation research for over 30 years.

We have used citation, sales, and Elgaronline usage data to carefully curate a list of the top 52 Elgar innovation titles from our public policy, economics and business lists that have stood the test of time. Featuring a wide range of topics and written by a geographically and ideologically diverse selection of our authors, this is an essential collection for libraries building a well-rounded and comprehensive innovation list.

With this collection your researchers will have access to some of the best writing on innovation from across the field including:

- innovation policy
- regulation
- development
- economics
- sustainability
- technological change

Volumes include important original reference works, key edited volumes and authored monographs covering important research findings.

Elgaronline allows for unlimited simultaneous user access and DRM-free chapter downloading so the resources can easily be used in courses.

We are offering special pricing on this collection. Please contact us for a quote for your institution.
